F O R E W O R D

The pages that follow are a statistical record of the Title I, ESEA activities carried on in the public, non-public, special schools and schools for the delinquent in New Mexico for the 1966-67 fiscal year.

We can only say that we point to our accomplishments with pride, knowing full well that we are now in the second year of this vast undertaking, meeting the most pressing needs of the children in New Mexico. We know that the second year of P.L. 89-10 has shown much more in the way of achievement than was shown during our first year of operation.

In order to properly prepare this publication, several individuals worked long hours to gather data and compile the necessary information. We are most grateful for the help received by all personnel in the Title I, ESEA Office, to Mr. Bill Priddy of the Statistics Division of the State Department of Education, and to Mr. Harry Wugalter, Chief, Public School Finance.

Again, for the second year, the real reason that P.L. 89-10, Title I has been so successful is the fine cooperation that we have received from local school administrators throughout the State of New Mexico.

For your prompt attention to fiscal reporting and accounting, thank you.
